## Key Responsibilities

The work is arduous and requires endurance in a variety of conditions. Tasks include:

- Performing basic maintenance such as logging out trails, cleaning drainage, and brushing.
- Completing project work such as bridge construction, building new trail features, and rehabilitating user-created trails.
- Hiking up to 12 miles per day while performing physical labor.
- Working closely with other crew members and volunteers, as well as independently.

## Work Schedule

- **Duration:** May to October 2026 (hiring and end dates may be flexible).
- **Typical Schedule:** Monday – Thursday, 7:00 am – 5:30 pm.
- **Note:** Occasional overnight hitches for multiple nights are required when working on remote projects.

# Required Qualifications

- Experience in trails, outdoor work, or other endeavors (recreational or professional) demonstrating the ability to perform arduous physical work in outdoor and changing conditions.
- Ability to hike long distances on backcountry trails carrying heavy loads and performing physical labor.
- Adaptable to changing environmental conditions, project schedule changes, and shifting needs.
- Ability to work well with others and independently.
- A positive attitude and sense of humor.

# Desired Qualifications

- One or more seasons of prior trail work experience.
- Technical expertise or training such as chainsaw and/or crosscut saw training, Wilderness First Aid, or other relevant certifications or skills.
